Purchasing Policy Statement UK

- H+H UK Limited recognises the need to provide confidence to its customers, employees and other interested parties that materials used in product manufacture, transportation and other services associated with the business are responsibly sourced and that the business is operated in a sustainable and ethical manner. The H+H Integrated Management System (IMS) meets the requirements described in BRE Global Ltd BES 6001:2016, Framework Standard for Responsible Sourcing. These requirements are fulfilled as follows:
- H+H shall operate an externally certified IMS that complies with PAS 99:2012, Specification for Common Management System Requirements as a Framework for Integration. The IMS fully meets the requirements of BS EN ISO 9001:2015, Quality Management System – Requirements, BS EN 14001:2015, Environmental Management Systems – Requirements with Guidance for Use and BS EN 45001:2018, Occupational Health and Safety Management Systems – Requirements. Certification to these standards meets all applicable legislative requirements pertaining to the H+H business.
- H+H shall reduce greenhouse gas emissions associated with its business, as described in the IMS Environmental and Energy Policies and as a strategic business objective, to minimise their contribution to global warming. H+H will maintain metrics for measuring and reducing greenhouse gas emissions relating to product manufacture, transportation and other services. The company will also maintain metrics to measure and reduce energy and mains water consumption, raw material usage e.g. cement, lime and primary aggregates, and waste generation to minimise their associated environmental impacts.
- H+H shall be responsible stewards of sites occupied in operating its business.
- H+H shall supply life cycle assessment data for its products as and when required.
- H+H shall operate a suitable supply chain management system within the IMS.
- H+H shall record and report any complaints and prosecutions associated with its business and the associated corrective actions.
- H+H shall operate an ethical business and support the principles of Equal Opportunity in employment and in the provision of services. The company recognises the importance of developing a skilled and competent workforce.

- H+H shall engage with the local community on business matters and by providing employment opportunities. H+H will also engage with trade associations, government bodies, industry committees and other companies to deliver a sustainable built environment in a manner that is profitable, ethical and operates within pre-determined environmental limits.
